BRYAN AT NASHVILLE

His Party Met by Large Reception Committee.

ENTERTAINMENTS IN HONOR

Nebraskan Made Informal Calls on Governor Patterson and Other State Officials—He Goes from Nashville to Birmingham.

Nashville, Tenn., Jan. 23.—Hon. William Jennings Bryan, and Hon. Judson Harmon, of Ohio, arrived here about 9 o'clock Wednesday morning. They were met by a large reception committee, and headed by a band were driven to the Tulane hotel, where the party breakfasted.

Later Mr. Bryan and Judge Harmon visited the state capitol, where they made informal calls on Governor Patterson and other state officials.

While at the capitol Mr. Bryan briefly addressed the public school officers' association, which is in session.

After leaving the capitol the distinguished visitors were tendered an informal reception at the Elks club. At 12 o'clock Mr. Bryan delivered a lecture on "Elkdom" at the Vendome theater.

At 2 o'clock Wednesday afternoon a luncheon was tendered Messrs. Bryand Harmon at the executive mansion by Governor and Mrs. Patterson. From 4 to 6 o'clock in the afternoon a public reception was tendered the visitors.

At 8 o'clock in the evening Mr. Bryan delivered a political speech at the Ryman auditorium. Mr. Bryan will leave here at an early hour Thursday morning for Birmingham.

STRINGENT MEASURE.

Criminal Offense for Government Employees to Divulge Crop News.

Washington, Jan. 23.—At the close of a day of excitement in the house of representatives an amendment was added to the penal code bill making it a criminal offense for any officer or employee of the government to give out advance information regarding any crop statistics authorized by law to be prepared. The original amendment was by Mr. Burleson, of Texas, who made a strong plea for its passage, but a substitute by Mr. Sherley, of Kentucky, with a brief addition by Mr. Olmstead, of Pennsylvania, was accepted.

The necessity for its adoption was conceded by nearly every member who addressed the house, and its safe running of the gauntlet was greeted with applause.

MADE SUICIDE COMPACT.

Aged Couple Drink Carbolic Acid and Die With Hands Clasped.

Chicago, Jan. 23—Tired of life's battle, John Florian, aged 68, and his wife, aged 77, committed suicide Tuesday night by taking carbolic acid. The old couple, it is said, had been living on the kindness of neighbors for some time and occasionally getting a supply of food from the county.

Tuesday the old man made a will in which he left his household goods and some trinkets to his two children, residence unknown, and then he and his wife prepared to carry out a suicide compact. They dressed themselves in their best clothes, drank the poison and lay down on the bed. When found they were clasping hands.

Referee in Bankruptcy.

Birmingham, Ala., Jan. 23.—Judge O. R. Hundley, of the federal court, has finished his decree adjudging the Southern Steel company bankrupt. Sterling A. Wood, of Birmingham, was appointed special referee in bankruptcy. Counsel for the bankrupt company and for the creditors all appeared in court and no objection was made to the court's action.

French Claim Compromised.

Paris, Jan. 23.—The claim of the French government against the New Panama company and the government of Colombia for $2,000,000 has been compromised.

LOPPING OFF SALARIES.

Retrenchment All Along the Line of the Southern Railway.

Washington, D. C., Jan. 23.—No estimates will be given out by the Southern railway office in Washington as to the amount that will be saved to the company by the recent reduction of 10 per cent in the salaries of the executive officers of the road and their clerical forces.

It may be stated, however, that the saving on the salaries of the general officers of the road and their clerical forces.

It may be stated, however, that the saving on the salaries of the general officers alone will be nearly $20,000. This sum probably represents only about one-tenth of what will be cut off from other salaries all down the line. The effect of the retrenchment will be felt from Washington to Greenville, Miss., and from Memphis to Jacksonvilit, Fla.

The boys in the shop have already "got theirs," and the diplomacy which has characterized this latest move by which the president and his staff have their own salaries lopped off, may prepare the clerical force of the road for what is to come.

The reduction in the salary of President W. W. Finley amounts to $4,000 per annum, but after Feb. 1 he will have his pay envelope docked 10 per cent each month just to keep the boys company.

The salaries of the other leading officials of the road will be treated accordingly.

TARHEEL SOLONS IN SESSION.

Important Recommendations in Governor Glenn's Message.

Raleigh, N. C., Jan. 23.—The legislature of North Carolina convened in special session Tuesday, having been called by Governor Glenn to make a change in the railroad rate law fixing the rate of fare at 2 1-4 cents a mile.

Governor Glenn, in his message, recommended that the terms he had offered to the railroads be accepted. These provide for a 2 1-2 cent flat rate, 2,000-mile books for five members of firms and 1,000-mile books for individuals at 2 cents, good intrastate and interstate, and interchangeable among the railroads, 500-mile books for families at 2 1-4 cents, intrastate. Parties boarding trains without tickets, if able to purchase them, are to pay 15 cents extra.

If other than railroad rate legislation is taken up he recommends the election of two more superior court judges with districts of one county each so as to fill the courts when judges are sick, and that a prohibition bill be passed. He also recommends that in freight rates a larger rate be allowed independent roads in the state with a mileage of one hundred miles or less.

Files Suit Against Hotel Man.

Chicago, Jan. 23—William D. Boyce filed suit in the municipal court Tuesday against Geo. W. Reynolds, proprietor and manager of the Virginia hotel, for $5,000. The claim is based on alleged neglect of Reynolds to give his guests proper protection from loss by theft, in that he had in his employ a chambermaid who entered rooms occupied by Mr. Boyce and his family and stole $5,000 worth of diamonds. The robbery was committed Nov. 22, 1907.

Preacher Robbed and Murdered.

St. Louis, Jan. 23.—The dead body of the Rev. John F. Koestering, a retired Lutheran minister, aged 73 years, was found Tuesday lying beside a pit of the clay mines at Pierce and West Park avenues, in Creltonham, a suburb. A bruise on the side of the head and the fact that his gold watch and gold-headed cane were missing give rise to the theory by the police that he was murdered.

Store Looted; Buildings Burned.

Hattiesburg, Miss., Jan. 23—News reached Hattiesburg Tuesday of the robbing and firing of the general store of the Brooklyn Mercantile company, 12 miles north of this city on the Gulf and Ship Island railroad. The store, together with several adjoining buildings, was totally destroyed. The loss will amount to about $50,000. There is no clew to the burglary.

POLICE ARE ON GUARD

German Parliament Buildings Surrounded by Armed Force.

PREPARED FOR DISORDERS

Principal Thoroughfares of Berlin Are Being Patrolled Constantly by Police, Both Mounted and on Foot. Uproar in the Reichstag.

Berlin, Jan. 23.—Chancellor Von Buelow refused categorically in the reichstag Wednesday to reply to a socialist interpellation on the subject of Prussian suffrage. This precipitated a deafening uproar from the members, during which all the ministers left the house. The debate was then continued before the half-empty benches.

Trouble with the people had been expected, particularly in view of the street disorders of Tuesday, and in order to be prepared for a recurrence of violent encounters between the police and the populace, the buildings of parliament were surrounded from early morning with a strong force of police armed with pistols and sabers. Furthermore, the principal thoroughfares of Berlin are being patrolled constantly by police, both mounted and on foot.

Prince Von Buelow opened the reichstag proceedings by a warning against further manifestations, which he declared did not affect the government in the slightest degree. He threatened, amid ironical cheering from the socialists, that the leaders and organizers of all demonstrations would be dealt with severely.

FEAR MYSTERIOUS ENEMIES.

Armed With Shotguns Family Barricade Themselves in Home.

Worcester, Mass., Jan. 23—Henry T. Harrington, a wealthy Shrewsbury farmer, and his family, have barricaded themselves in their home and are well armed with shotguns, believing that they are marked for death by mysterious enemies.

On July 31, Mr. Harrington was stabbed by a drunken man who was later arrested and fined for his act.

Early this month George Harrington, a son, was shot in the back, the bullet going within half an inch of a vital spot. Two days ago Harry Stanton, an employe on the farm, was choked and left for dead in his wagon some distance from the farm, the horse finding his way home alone.

It is supposed by the family that he was mistaken for Harrington's son, William.

Governor Pardons Twenty-Six.

Jackson, Miss., Jan. 23.—The last official act of Governor Vardaman before turning over the reins of government to his successor Tuesday, was the issuing of twenty-six pardons. Eight of the beneficiaries were white, while the other eighteen were negroes. The majority of the charges were for murder or manslaughter, and most of the prisoners had served several years of their sentences. Eleven of them were life-time men.

Escaped Convict Kills Policeman.

Columbia, S. C., Jan. 23.—Policeman W A. Clyde, of Sumter, was fatally shot by a negro named Moses near Sumter Monday night, dying a few hours afterwards. Clyde went to Moses' house for the purpose of arresting him, the negro having been an escaped convict. The negro escaped.

Killed by Infernal Machine.

Belleville, Ill., Jan. 23.—Found guilty of causing the death of two men by an infernal machine, one of them his cousin, a brother of the girl he wished to wed, Joseph G. Emetti, an Italian, was Tuesday night sentenced to fifteen years in the penitentiary.

Attempt to Dynamite Factory.

Nashville, Tenn., Jan. 23.—An attempt was made to dynamite and burn the Hayes-Cray regie tobacco factory at Clarksville, Tenn., Tuesday night. The guards killed two negroes and wounded another.

INDUSTRIAL PROGRESS.

Many New Corporations Formed in Georgia and Alabama.

Columbus, Ga., Jan. 23.—The industrial progress of Georgia and Alabama during the past week and the projection of new construction work in the two states is best told in dollars and cents. Fifteen new corporations were formed during the week and one large corporation will increase its capital stock, the total minimum capital stock of the new enterprises being the substantial sum of $555,000.

Illustrating the rapid revival of the iron industry, an Alabama company has received an order for 18,000 tons of pig iron at $13.50, the largest order of the kind that has been placed this year.

Reports made at the annual meetings of the national banks in Georgia and Alabama, just held, show that these institutions have made profits such as could never be recorded during a real panic. The dividends paid stockholders during the past year range all the way from six and eight to forty per cent.

Notable among the contracts awarded during the week was that for a $100,000 ice plant at Mobile, Ala. In the same city an immense plant for the manufacture of soft drinks will be launched.

DEATH FOLLOWED NUPTIALS.

Dying Mother Gave Newly Wedded Couple Her Blessing.

Montgomery, Ala., Jan. 23.—That she might give her blessing, Mrs. E. M. Bowman brought about the marriage of her daughter, Miss Corrinne Bowman, to Charles Yonkers, of Philadelphia, Monday, only a couple of hours before her own death.

The mother had been ill for several weeks, and when she found she must die she asked that the wedding, set for a month hence, be consummated at once. This was done, the ceremony being said less than two hours before the death of the mother. When the couple came back she gave them her blessing, expressed her happiness and dropped off into a stupor from which sre never rallied, dying in a short time.

KILLED IN A RUNAWAY.

Popular Young Lady of South Carolina Meets Untimely Death.

Augusta, Ga., Jan. 23.—According to telephone reports received in Augusta, Miss Bertha Walker, daughter of Oswald Walker, of Barnwell county, South Carolina, was killed Monday in a runaway.

It seems that Miss Walker was riding or driving her favorite horse when the animal became frightened and dashed madly out of the road: Miss Walker was hurled to the ground and sustained injuries about the head from which she died in a few moments.

Decrease in Tag Sales.

Atlanta, Jan. 23.—The state department of agriculture has sold only $6,405 worth of fertilizer inspection tags since January 1, as compared with sales aggregating $11,549 for the same period of 1907, a falling off of $5,054. As January and February are the big months for sales of these tags, this fact is considered as bearing out the recent statement coming from the department that there is prospect of large decrease in the sale and use of fertilizers as compared with last year.

Sensational Trial Soon.

Montgomery, Ala., Jan. 23.—The whole state is interested in the trial of Bob Andrews, which is set for Feb. 3, at Selma, on a change of venue from Wilcox county. This man and his brother, John Andrews, were indicted in the latter county for the murder of the young wife of their father, James Andrews, and John is now serving a life sentence for the crime. It was one of the most brutal and sensational crimes in the history of the state.

"Living Skeleton" Dead.

Ansonia, Conn., Jan. 23.—Edward Bodling, known all over the country as "The Living Skeleton," is dead here. He was 35 years of age, and had been exhibited in museums all throughout the country for years.

TRIAL TO END SOON

Thaw's Fate Will Be In Hands of Jury Before Many Days.

EVELYN ENDS TESTIMONY

Little of Sensational Interest Remains in Trial—Nothing Left for Defense to Introduce Except Testimony of Alienists on Mental Condition.

New York, Jan. 23—Evelyn Nesbit Thaw having been excused from the witness stand in the trial of her husband, Harry K. Thaw, for the killing of Stanford White, little of sensational interest remains in the trial.

Doctors and nurses who attended Thaw at various times when he was ill in Europe are said to be on the way to America and may arrive any moment. They will doubtless be called to the stand at the earliest possible moment. Mrs. William Thaw, the accused's mother, must finish the testimony which she began several days ago, and it is expected she will be among the witnesses called before the session is finished.

Another witness on whom the defense depends much in its effort to show that Thaw was insane when he killed White, will be Miss Belle Moorehouse Lawrence, of California, who was Thaw's teacher at the time he was six years old. It is said that Miss Lawrence kept a diary at that time in which she recorded the boy's peculiarities and in his opening address to the jury Mr. Littleton promised the jury that they should hear extracts from that record.

With these witnesses out of the way there will be, so far as known, nothing left for the defense to introduce but the testimony of the alienists who will be depended upon to show that Harry Thaw's actions at the time of the shooting were irrational. It is not known how long their testimony, direct and under cross-examination, will require, but it is said that the defense hopes to complete its case by Friday night.

The rebuttal, which will be offered by District Attorney Jerome, includes the testimony of his alienists and will hardly require more than a week and therefore it is believed that Thaw's fate will be in the hands of the jury early week after next.

Freight Men at Augusta.

Augusta, Ga., Jan. 23.—The Southeastern Freight association and the Southeastern Mississippi association are holding their joint quarterly session at the Bon Air hotel, with M. P. Washburn, chairman of the latter organization, presiding. Matters of general freight traffic interest are being discussed, including changes in rates and interchange of business. More than 100 persons are attending the convention, among them being the leading freight officials of all roads south of the Potomac and Ohio rivers and east of the Mississippi. The convention will be in session for at least three days.

Bates Caught in Swamp.

Monticello, Ga., Jan. 23.—Sam Bates, who is charged with having killed Ed Watts on November 13, 1907, has been captured by Sheriff Persons, of this county, and is in jail here waiting his trial, to be held at the February term of court. Bates had been evading the officers for several weeks, it is said, and was hiding in the swamps of the Ocmulgee when arrested.

Patterson Commutes Sentence.

Nashville, Tenn., Jan. 23.—Governor Patterson has commuted the death sentence of Lee Holder, aged 19, to life imprisonment. Holder about a year ago murdered his father, E. C. Holder, a prominent Cumberland Presbyterian minister, of Union City. The killing was one of the most sensational in the annals of this state.

Admiral Evans' Fleet Sails.

Washington, Jan. 23.—Admiral Evans has cabled the navy department from Rio Janeiro that his fleet, with the exception of the Arkansas, has sailed for Punta Arenas.

FEDERATION LABOR STILL IN SESSION

Thursday Was a Busy Day With Federation Representatives.

HON. ION L. FARRIS WAS PRESENT

Candidate for Congress Was Made Honorary Member of the Convention, and Delivered a Fine Talk—Palatka the Place of Next Meeting.

The meeting of the Florida State Federation of Labor was called to order at 9 o'clock a. m. Thursday morning by President Moritz, and a roll-call showed the majority of delegates present.

The Hon. I. L. Farris of Jacksonville was present, and by a unanimous vote of the convention he was elected an honorary member of the body. Mr. Farris addressed the convention, expressing his greatest appreciation for the honor.

The report of the committee which recommended that the State be divided into six districts, and that one member from each district be elected on the executive board, with two members at large, was received and concurred in.

By motion, minutes of previous meetings were read and approved.

Resolutions Nos. 16, 17, 18, 19, 20, 21 and 22, were received and referred to the committee on resolutions.

Resolutions Nos. 2, 14, 6, 5, 9 and 10 were reported favorably upon except No. 6, denouncing the prohibition movement. This resolution was turned back without action, as the convention did not think it advisable to place themselves on record as a body on this question, which was a matter of personal privilege which might be exerted at the proper time and place.

The committee on officers reported favorably on all officers' annual reports, and the committee received a rising vote of thanks for the valuable services rendered.

The special committee on securing a complimentary performance by the Jeavons Dramatic Company for the benefit of the State Federation of Labor, reported the same had been satisfactorily arranged, and members of the convention were requested to meet at the Brown House at 8 o'clock Thursday evening, for the purpose of attending this performance in a body, after the second act a token of appreciation to be presented Miss Jeavons for the consideration given the convention by putting on this special play, "The Working Girl's Wrongs."

The resolution recommending the division of the State into six districts was again brought up and discussed at some length, but was not changed.

The committee appointed to confer with the Farmers' Union asking that union to affiliate with the State Federation of Labor, made its report, after which an adjournment was taken until 2 o'clock in the afternoon.

Afternoon Session.

The meeting in the afternoon was called to order promptly.

The committee on laws reported on the following numbered resolutions, which were referred to them for action. Nos. 15, 20, 5. Nos. 15 and 5 were reported favorably, but an adverse report was made on No. 20, which resolutions will be furnished the public as soon as same can be gotten in proper order.

A committee was appointed to take up the matter of affiliation with the Farmers' Union as follows: J. A. Roberts, chairman; W. F. Edgerton, J. C. Gilbert, R. L. Harper, W. B. Wilcox.

A number of resolutions were reported upon and discussed at some length.

In complying with a call by Governor Broward, inviting organized labor to be represented at a convention to be held in the city of Tampa during the coming State Fair to discuss the question of immigration, the following were elected to represent the Federation at said convention: J. J. Romera and G. B. Groves of Tampa, John Pomar of St. Augustine.

Palatka Next Year.

The question of the next meeting place of the convention for 1909 was taken up, and Sanford and Palatka were presented. By unanimous consent Sanford was withdrawn, and Palatka was selected as the meeting place.

Judge Farris, by request of the convention, addressed the meeting on the general questions of the day, after which the convention adjourned until 8 o'clock Friday morning.

KILLED, 1,339; INJURED, 21,724.

This is the Railroad Record for a Period of Three Months.

Washington, Jan. 23.—Starting figures appear in accident bulletin just issued by the interstate commerce commission covering the months of July, August and September, 1907.

The report shows that the number of casualties on railroads during that quarterly period were 22,063, including 1,339 killed and 21,724 injured. This is an increase of 157 in the number killed and 3,056 in the number injured, as compared with the corresponding period of 1906. Collisions and derailments in the quarter numbered 4,279, including 2,245 collisions and 2,034 derailments of which 320 collisions and 222 derailments affected passenger trains.

The damage to cars, engines and roadway by these accidents amounted to $3,605,696. This shows an increase in the number of collisions and derailments of 607 over the corresponding period of 1906.

CANVASSING BY OFFICIALS.

Senator Bacon Wants Legislative Restrictions Placed Upon It.

Washington, Jan. 23.—During the consideration of the bill to revise the criminal code, Senator Bacon, of Georgia, declared that there should be legislative restrictions against any officers of the executive branch of the government devoting any of his time to advancing the political interests of any candidate for office or any party.

"I would be very glad to see a change in the law," said Mr. Bacon, "which would put a man on notice that when he accepts office in the executive department he is expected to attend to his business and nothing else, and if he is to contribute anything to a campaign he must lay down his office. High officials and officers not so high have abandoned their posts and a proper discharge of their duties and have become political partisans seeking to promote a particular candidacy."

MAN IS SHOT BY A WOMAN.

He Was Attempting to Force Admission to House.

Eufaula, Ala., Jan. 23—William L. Jones, a well known citizen, is dead with a bullet through his brain, fired by a woman. Jones came here a few months ago from Dublin, Ga., and operated a blacksmith shop. He was given to periodical drinking and while in this condition visited the home of Callie McLaughlin, a well known woman of ill repute, and was refused admission. The house was occupied by the woman and a companion who also bore a bad reputation.

Jones insisted on being admitted with the threat that he would break down the door if refused. His demand was not obeyed, when he broke open the door and immediately met a bullet that passed just above his right eye, penetrating his brain and causing instant death. When Jones was found a pistol was by his side.

The woman surrendered to the police and together with her companion whose name is given as Billie Lewis, is in jail awaiting a preliminary hearing. When interviewed she stated that she had on a previous occasion denied Jones admittance, and he left with a threat that he would return and burn her house. On this occasion she remonstrated with him, urging him to leave.

Very little is known of Jones here. He has only resided in the city a short while, but bore a good reputation for industry and earned a good patronage. No charge of any character has been brought against him here, and whisky is attributed as the sole cause of his untimely end. He is survived by a younger brother, who has resided here for several years. He is comparatively a young man and leaves a wife also.

DIRECT UPON STOMACH.

Possibility of Administering Local Treatment to That Organ.

After a series of experiments covering a period of many years, a well-known specialist in stomach disorders discovered that to administer local treatment to the stomach was a possibility.

As a result of his study of the diseases of digestion and nutrition, he prepared a prescription called Mi-o-na stomach tablets that act directly upon the stomach and bowels, increasing their strength and power to digest whatever food is eaten.

Headaches, giddiness, palpitations, heartburn, sleeplessness, flatulence, bad taste in the mouth, irritability, drowsiness, coated tongue and full feeling after eating are results of indigestion and cured by Mi-o-na.

Silk Mill to Re-Open.

York, Pa., Jan. 23—Word has been received here from the receivers of the American Silk company in New York, that the Monarch mill of the company, in this city, will be re-opened next Monday. The mill was shut down Nov. 16. With the re-opening of this mill, all silk mills in the city will be in operation again.

To Vote on State Prohibition.

Raleigh, N. C., Jan. 23.—The democratic caucus of the state legislature has determined to entertain a bill providing for a state election in North Carolina on state prohibition. Strong efforts were made by prohibition leaders to get the caucus to agree to favor a bill for state prohibition by legislative enactment, but this failed.

Died from His Wounds.

Augusta, Ga., Jan. 23.—Richard Roberts died at the city hospital on Monday as a result of pistol wounds inflicted upon himself with suicidal intent January 12. Mr. Roberts was the chief of one of the departments of J. B. White & Co., and was a man universally respected in the community.

COWS RUN AT LARGE.

Regular "Receptions" Are Held on Vacant Lots About the City.

Notwithstanding the fact that there is an ordinance preventing the running of cows at large, there seems to be some trouble in enforcing same. This is probably due to the fact that not sufficient force is employed to look after the people and the cattle at the same time.

On Wednesday and Thursday mornings, and in fact during the entire period of these two days, droves of cattle have been congregating on a vacant lot on West Court street, where they have been holding what might be termed a "reception." The owner of these lots does not contemplate making a garden the coming season, hence he would not object to their removal, and those residing in the immediate community would be well pleased to see a wholesale arrest.

CADETS LOOKED WELL.

They Proved Efficient in Drilling, But Lieut. Ball Should be Strict.

The company of cadets from the University who were present at the exercises Monday made a fine appearance, and the people of Gainesville were proud of them.

The boys showed the result of good training in field movements and in the manual of arms, but Lieutenant Ball has apparently been a little careless in the matter of discipline, as it is said several of the cadets were permitted to go with their blouses unbuttoned. However, this was probably a matter of carelessness which was overlooked, and which will probably not occur again.

The cadets as an aggregation is a fine body of young men, and made an excellent impression upon this occasion.

AT THE TENT THEATER.

"A Working Girl's Wrongs" Was Creditably Given Last Night.

Jeavons' Dramatic Company gave a very creditable performance of "A Working Girl's Wrongs" as a compliment to the State Federation of Labor on Thursday night.

The play was well attended and all present pronounced it very good.

Tonight the company presents a real old Irish comedy drama, "St. Patrick's Eve," in which Mrs. Jeavons will be seen in the leading role, as a real Irish character. The play is boundless with comedy and startling situations.

Saturday afternoon the company will present "Pioneer Days of America, or, Daniel Boone," an historical play. Admission 10c. All should take advantage of this bargain price.

WOULD RATHER DIE

Than Be Obliged to Take Cod Liver Oil Three Times a Day.

This significant remark from a patient weakened by disease expresses the feeling of almost every one in this condition when greasy, old-fashioned cod liver oil or emulsions are suggested. The stomach rebels.

We want to say to every person in Gainesville that in order to obtain the medicinal, body-building and curative elements from the cods' livers it is no longer necessary to take old-fashioned cod liver oil or emulsions.

Our delicious cod liver preparation, Vinol, is made by a scientific extractive and concentrating process from fresh cods' livers combining with peptonate of iron all the medicinal, body-building and curative elements of cod liver oil, but no oil.

As a body-builder and strength-creator for old people, delicate children, weak, run-down persons, after sickness and for chronic coughs, cold, bronchitis and all throat and lung troubles, Vinol is unexcelled. RESOLUTIONS OF RESPECT.

Clyatt People Feel the Loss of Recently Deceased Citizen.

In view of the loss we have sustained by the decease of our friend and associate, Mr. F. H. Clyatt, and of the still heavier loss sustained by those whom were nearest and dearest to him; Therefore be it

Resolved, That it is only a just tribute to the memory of the departed to say that in regretting his removal from our midst, we mourn for one who was in every way worthy of respect and regard.

Resolved, That we sincerely condole with the family of the deceased on the dispensation with which it has pleased Divine Providence to afflict them, and commend them for consolation to Him who orders all things for the best and chastisements are meant in mercy.

Resolved, That the heartfelt testimonial of our sympathy and sorrow be extended to the family of our departed friend in their hour of great bereavement. He was a devoted husband and father, a kind and obliging neighbor, always kind and sympathetic, ever ready to extend the hand of charity to those in need. His place is vacant in our midst which can never be filled.

Resolved, That a copy of these resolutions be transmitted to the wife and family of our friend and to The Gainesville Sun for publication.

Marriage at Rochelle.

There was a quiet but happy marriage at Rochelle on the 15th inst., the contracting parties being Edward Honewacker of Dunnellon and Miss Lizzie, youngest daughter of Captain and Mrs. J. A. Tucker, Rev. Mr. Mathison officiating.

The ceremony was performed at the home of the bride's parents, and only members of the family were present.

The groom is a valued employe of the Camp Phosphate Company. The bride is one of Rochelle's most popular young ladies, who possesses many friends.

Mr. and Mrs. Honewacker will make their future home at Dunnellon, and the best wishes of a host of friends go with them.

Some Fine Jerseys.

There has been "something doing" in the matter of Jersey cattle sales from Spring Park Farm within the past few days.

Geo. S. Merchant, Henry Ramsey, Captain W. D. Dickinson and others have purchased valuable Jerseys from Manager Callison within the past week. These cattle are registered, and the purchasers of same are to be congratulated.

Death of a Banker.

New York, Jan. 23.—Morris K. Jessup, retired banker and long prominent in civic affairs, died early Wednesday morning at his home from heart disease. He was 78 years of age.

HIGH SPRINGS NOTES.

Installation of Officers of Three Lodges—Personal Mention.

High Springs, Jan. 23.—On Monday night there was a joint installation of the officers of Mizpah Temple No. 13, Pythian Sisters, and the K. of P. Lodge No. 51. The following Knights were installed: C. C., J. F. Aylward; V. C., J. C. La Count; Prelate, A. E. Adams; M. of W., A. E. Summers; K. of R. and S., Jas. Day; M of E., W. C. Summers; M. at A., J. H. Salls; I. G., E. M. Quarterman; O. G., H. T. Hurbert. S. B. Phifer was the installing officer, and Jas. Day acted as G. M. at A. Both gentlemen performed their duties in a highly creditable manner.

The officers of Mizpah Temple were installed as follows: P. C., Mrs. Ada Easterlin; M. E. C., Mrs. Georgia Hunter; E. S., Mrs. Judith Holland; E. J., Mrs. Annie Phifer; Manager, Mrs. Clyda Summers; M. of R. and C., Mrs. Kate Wood; M. of F., Mrs. Carrie Grady; Protector, Mrs. Sophie Sims; Guard, Mrs. Margaret Day. Mrs. Lillie Hyers was the installing officer, and Mrs. Effie Sutherland acted as grand manager. Both ladies deserve much praise for the manner in which they conducted the ceremonies.

At the close of the installation, the Knights invited the ladies to partake of a banquet, prepared in the hall below the lodge-room. Mr. Louis Bartlett was the caterer for the occasion, and an elegant feast was in waiting The hall and tables were artistically decorated in the colors of the order.

On the 18th the High Springs Woodmen of the World, Santa Fe Camp, unveiled a monument to the memory of their lamented brother, Raymond Mizelle, who was killed in the Coast Line yards in this place last September. A large number of people attended the ceremonies.

The Woodmen of the World have recently installed officers as follows: Consul Commander, A. E. Adams; Advisor Lieutenant, D. P. Fagan; Clerk, R. L. Frink; Banker, J. L. Grimes; Escort, T. E. Wilson; Watchman, Raymond Lamb; Sentry, H. L. Futch; Physician, Dr. E. Blackshear.

An Insidious Danger.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble, as it corrects irregularities and prevents Bright's disease and diabetes. J. W. McCollum & Co.

New Electric Car Line.

Montgomery, Ala., Jan. 22—News comes from Dothan that B. J. Chambers and Richard Tillis, of this city, are to get the work of the Dothan-Geneva trolley line going by the summer time. It is said at that end that they hope to have cars on within a year.

COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Divorce Yourself from lard cooked food

The purity of *Cottolene* is apparent when you compare its source—the cotton fields of the Sunny South, with the source of lard—the pig-sty. Lard is an animal product of doubtful cleanliness and wholesomeness; *Cottolene* a vegetable product of absolute cleanliness and purity.

The economy of using *Cottolene* is easy to figure when you know that one-third less is required than of either lard or cooking butter.

If purity and economy count for anything in your eyes, *Cottolene* should be the frying and shortening medium used in your kitchen. It is recommended by the most noted cooks and pure food advocates of this country—people who have scientifically analyzed it and carefully tested it for all cooking purposes where lard or butter has been previously used.

Buy a pail of *Cottolene* today and give it a personal test.

Cortelyou, if reports are true, looks "like father did when he rode the goat," or the goat rode him—rather dilapidated, but still in the ring.

The Boston Globe thinks the Republican party needs a capable leader like Hanna. Our Republican friends are always anxious to be bossed.

Even the boll weevils down in Texas may be expected to take a new interest in their work when they learn that Daniel J. Sully is again at the head of the "bull" hosts.

The Republican sea being rough, Perry Heath appears again in Washington as the stormy petrel of Republican politics with advice how to keep the party ship from sinking.

"The Southern delegates are still on the fence," says The Washington Post. Why, of course they are. They are awaiting the time when money talks, as it generally does at a Republican convention.

The dumping of steel on Europe at panic prices by the steel trust is there called the American peril. If these bargains could be dumped at home by revising the tariff, what a blessing it would be to the American people.

As prosperity has deteriorated while in charge of our Republican friends they can hardly sustain their claim of a partnership with providence. Still they will doubtless again urge the dangers of intrusting the Democrats with such a delicate task as restoring prosperity.

When Charles W. Eliot began teaching at Harvard for $1,500 a year, he was offered the superintendency of the Merrimac Mills at Lowell at a $5,000 salary. It took him two weeks to elect his course, and that led to Harvard's presidency. It was a career against a salary.

Home-made cheese is now a rival with the rich American girls for foreign titles. The New York custom house has passed through two thousand empty boxes bedecked with ornamental labels, which will soon hold our dairy products after the cheese has changed its name.

WASHINGTON CORRESPONDENCE.

Washington, D. C., Jan. 23.—Congress is still killing time, until some of the committees are ready to report appropriation bills. The House being occupied with a rambling debate on State rights; the negro as jurors; the use of the United States army at the polls; bribery of United States officials and Congressmen; the punishment of lobbyists, and all the crimes specified in the new codification of the penal laws of the United States, the debate took on a partisan tinge, as might be expected in view of the approach of a national election, and when divisions were called for in nearly every case the vote followed party lines. There is one redeeming feature about the debate—it is not tied down by any ironclad rule of the committee on rules, and it is only limited by the regular rules, instead of the usual arbitrary enforcement of a special rule, which cuts off nearly all debate when partisan measures are pending.

In the Senate there is nothing doing beyond the introduction of bills, and running debate on resolutions during the "morning hour." But the Senate, unlike the House, does not attempt to make a show of business, but adjourns daily at an early hour. An important matter is, however, impending on the action of the Secretary of the Treasury in awarding the bids for the late issue of bonds and certificates, and also as to the deposits in the national banks, the securities accepted, and the name of the banks and the amount each one has on deposit. This information was asked for by a resolution proposed by Senator Culberson, the Democratic leader, and adopted before the holidays, but was not furnished by the Treasury Department until the 15th. There is not much doubt that it will be difficult for those Senators who usually defend the actions of the administration to explain why the Wall Street banks, and the country banks affiliated with them, were favored by large deposits, and banks in the South and West did not receive their fair proportion. It will be equally difficult to defend the details of the bond issue.

Some weeks ago in this correspondence it was stated that resignations from the cabinet were impending, but political exigencies have so far prevented such from occurring. Similar reports of impending cabinet changes are now current, and it is openly stated that both Secretaries Cortelyou and Bonaparte will resign. The factional fight between the Roosevelt-Taft faction and Knox-Hughes combine is becoming so intense that President Roosevelt is averse to any change in the cabinet at this time that would complicate the election of delegates to the Republican National Convention favorable to Mr. Taft.

From a high Republican authority I learn that Senator Knox will be the man upon whom all the anti-Roosevelt interests will eventually combine, and that when the ultimate showdown in the convention comes Knox and Taft will be the leading candidates. It is probable that the race will be a close one between them on the final ballot, and it is possible that if some other candidate like Fairbanks, or LaFollette, stick to the last that there will be a deadlock. The control of the National committee by the anti-Roosevelt faction, with its power to decide which of the contesting delegates shall be placed upon the roll of delegates, may turn the scale against Mr. Roosevelt and his candidate. All the power and money of the corporations and the tariff-protected interests will be used to prevent President Roosevelt from rounding up the Southern delegates into the Taft corral and the opportunity for corruption will not be wanting where one side is ready to buy and the other side to sell. Such is the present condition in the Republican camp, but with "practical" politicians involved with both factions there may be lightning changes in the program when found necessary to achieve their ends.

An exchange says a farmer gave his daughter a pair of chickens, and promised her if she would attend to them carefully, he would feed the increase for four years, and they should all be hers to do with as she pleased. The girl took her father's advice, and the results have been astonishing. He says she has $64 in the bank, and has 200 chickens that he has to feed, and according to his calculation she will "own the farm at the end of the four years and be charging him rent for living on it." She has not only developed a splendid business that is enabling her to make money, but she is teaching her sisters some good lessons in economy.

The Tampa Tribune voices the sentiment of the general public in the following comment on the Thaw case: "We are all satisfied, brethren of the New York bar: Thaw was born crazy, was raised crazy, was crazy when he married Evelyn, was crazy when he killed White, is crazy now, will remain crazy the rest of his life and will die crazy. So do hurry up, cut it out, send him to a lunatic asylum and stop feeding the hungry cravings of mental dyspeptics with all this indigestible and nauseating tommy rot."

Vice-presidents of a number of railroads will confer with the President January 27 concerning restrictive legislation. This is all very well, but it will not bring back the lost business or buy food for the men who have lost their jobs.

Green Cove Springs has the chance to possess a military school. The Clay County Times says it understands that Capt. George W. Halvey, of the Tennessee Military Institute, with others, has secured an option on property in that town on which he and his friends purpose to establish such a school if they have some encouragement from the citizens. The editor urges the citizens to show the proper degree of public spirit and no doubt is right when he expresses confidence that they will do so. It would give Green Cove Springs prominence, enhance the value of property there and increase the population by the addition of many desirable citizens, as well as attracting to it, each winter, the parents of the pupils from other States.—Times Union.

PHYSICIANS DISCUSS NEW THEORY

Cooper's Views of Human Stomach Noted by Medical Men.

A recent article in the New Orleans em gives an account of the effect pon the medical profession of tha ty with regard to L. T. Cooper's the ry that the human stomach is respon ble for most ill health. The article as follows:

"The astonishing sale of Cooper's reparation in this city has now reach d such immense figures that the medi al fraternity have been forced into en discussion of the man's theories nd medicines.

"The physicians seem to be divided ith regard to the young man's suc ess in New Orleans—some being will g to credit him for what he has ac mplished, while others assert that he interest he has aroused is but a assing fad that will die out as quickly s it has sprung up.

"In a statement recently obtained rom a well-known physician of this ity, the position of those in favor of ooper is well voiced. The doctor said: I am not a believer in proprietary edicines, but I must admit that some of the facts recently brought to my attention concerning this Cooper medicine have gone far toward removing the prejudice I had formed against them when I first heard of Cooper's new ideas and medicines.

"'Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me and stated that Cooper's medicine has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate to treatment.

"'I do not wish to stand in the way of something that may be for the public good, simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city.'"

We sell the Cooper medicines. They are proving remarkably successful throughout the entire United States. —J. W. [illegible]

CUTICURA CURED MOTHER AND BABY

Southern Woman Suffered With Itching, Burning Rash—Drove Her Nearly Crazy—Her Baby Had Sore on Neck, and Two Other Babies Had Skin Troubles—Calls

CUTICURA A STAND-BY THAT NEVER FAILS HER

"I just can't say enough for the Cuticura Remedies, I can't find words high enough to express my thanks to God for hearing of the wonderful remedies. My baby had a running sore on his neck and nothing that I did for it took effect until I used Cuticura. My face was nearly full of tetter or some similar skin disease. It would itch and, after scratching, it burned so that I could hardly stand it. Two cakes of Cuticura Soap and a box of Cuticura Ointment cured me. Two years after it broke out on my hands and wrist. I cured it for a while, but it came again in the summer. Sometimes I would go nearly crazy for it itched so badly. I used ten dollars' worth of so-called blood medicines which did no good at all, then I went back to my old stand-by, that had never failed me. One set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent did the work. One set also cured my uncle's baby whose head was a cake of sores, and I know of another woman's baby who was in the same fix and nothing else did any good. I speak a word of praise for Cuticura whenever I see a case that needs it. Mrs. Lillie Wilcher, 770 Eleventh St., Chattanooga, Tenn., Feb. 16, 1907."

Senator Clay's resolution calling on the postmaster general for information concerning delays in the running of mail trains, was passed, as was a bill providing for the construction of a memorial bridge across the Potomac river from Washington to the national cemetery at Arlington.

Declared Unconstitutional.

Philadelphia, Pa., Jan. 23.—The 2-cent-rate law, now in force in Pennsylvania, was Monday declared unconstitutional by the state supreme court, which handed down an opinion affirming the opinion of the common pleas court of Philadelphia, rendered last September. The vote of the court was four to three, the dissenting opinion being handed down by Justice Mestrezat.

Lynched Negro Cannot Live.

Dothan, Ala., Jan. 23.—It develops that the negro, Cleveland Franklin, strung up and shot by a mob Sunday night, will, after all, die. An examination shows that he was shot badly, the fatal wound being in the [illegible]. A guard was placed about the jail Monday night, but no attempt was made to further molest the wounded negro.

ASKS FOR RECEIVER.

Bill Attacking Solvency of a Life Assurance Society of Chicago.

Chicago, Jan. 22.—A bill attacking the solvency of the Provident Annuity Life association and asking for the appointment of a receiver was filed Monday by Mrs. Belle D. Green, of Bloomington, Ills., widow of a director. According to the declaration, the company agreed to pay a $5,000 gold bond upon the death of any subscribed in monthly instalments of $200. Mrs. Green denies that she has received any money from the association. A. R. DeMange, of Bloomington, is president of the company.

Mrs. Green's husband was one of the five hundred persons who made the organization possible Oct 10, 1907, by paying preliminary expenses and the amount of the first assessment before a charter was issued. Green died Nov. 3, after having paid dues, but without having received possession of his property.

Why

Should your baby suffer? When he is fretful and restless, don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known worm medicine and cure for children's diseases. It is mild in its action, builds up the system, makes thin, puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. W. Johnson.

Cobb Returns 1908 Contract.

Detroit, Mich., Jan. 23—Tyrus Cobb of Georgia, champion batter of both the American and National leagues last season, has returned unsigned to President Navin, of the Detroit team, his 1908 contract. President Navin, however, says that Cobb's differences are not so great but that he and the club will come to an agreement all right. It is said that Cobb asked for a $5,000 salary and a three-year contract with the stipulation that he be paid if injured or sick.

How to Avoid Pneumonia.

You can avoid pneumonia and other serious results from a cold by taking Foley's Honey and Tar. It stops the cough and expels the cold from the system as it is mildly laxative. Refuse any but the genuine in the yellow package. J. W. McCollum & Co.

SECOND DAY OF A. M. E. CONFERENCE

Many Distinguished Colored People Here From Various Sections.

SESSIONS ARE INTERESTING

The Convention is Presided Over by Bishop Tanner of Philadelphia, and Many Other Prominent Ministers Are Here—Conference Proceedings.

The evening session of the first day of the Central Florida Conference was largely attended last night at the Bethel church. The choir began a song service which lasted fifteen minutes.

Revs. J. E. Gardner and R. B. Brooks, D. D., conducted the preliminary devotion to the sermon.

Rev. G. W. Jenkins preached the missionary sermon. At its conclusion the choir and congregation chanted the Lord's Prayer very impressively.

Drs. D. A. Perriu, A. Scott, J. L. Moore, and N. B Boyd, presiding elders of the South Florida Conference, S. Timothy Tice, D. D., whom we mentioned yesterday, and who preached the educational sermon Thursday night; G. B. Wilson, A. B., of Lake City; Mrs. J. H. Collett, the very able representative of the book concern, Philadelphia; Dr. J. H. Collett, the manager of the book concern, Philadelphia; F. M. Johnson, representing The Southern Christian Recorder of Columbus, Ga.; Mrs. Louise M. Donal of Kansas, who is representing The Western Recorder; W. D. Certain, D. D., presiding elder of the Lake City district, were all introduced and accorded the privilege of taking part in the proceedings, and the book stewards and other general officers a chance to represent their departments. The morning session of the conference opened at 9 a. m., with Bishop Tanner in the chair. The greater portion of the morning session was given to hearing reports.

The dollar money, missionary and educational moneys thus far have forged far ahead of last year. The dollar money alone of this conference will reach nearly three thousand dollars, and of the five conferences the dollar money of this quadrenium in Florida will possibly reach the enormous sum of nearly forty thousand dollars.

The conference is composed of five presiding elder districts, with a likelihood of one more being made at this session of the conference, and more than five thousand members and a hundred or more preachers. The work in Florida has very greatly developed under the administration of Bishop Tanner. The school work which was practically non-operative at the beginning of this quadrenium, is now running on a sound basis at Jacksonville.

Revs. J. A. Quarterman, S. J. Johnson, G. W. Hawkins, S. M. Gibbs and S. J. Patterson are the very efficient presiding elders of this conference.

The afternoon session was principally spent in addresses of welcome. Rev. T. E. DeBose, proxie for Mayor Thomas; H. K. Hill, of the Friendship Baptist church; S. A. Huger, of the Mt. Pleasant church, made pleasing and profitable addresses of welcome. Rev. D. M. Baxter, A. B., responded to the above addresses quite ably and much to the delight of all.

The conference took a recess until 7:30, at which time the Rev. S. Timothy Tice, D. D., preached the educational sermon.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

"Destroy the cause, you remove the effect."

Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich

Two sizes—50 cents and $1.00.

MODEL LICENSE LEAGUE.

Elimination of Low Saloons—Other Reforms Are Proposed.

Louisville, Ky., Jan 22.—The model license league opened its first annual session in the winter garden of the Zelbach hotel Tuesday, with a good attendance of delegates present from many parts of the United States.

The object of the convention is the adoption of a liquor license law and the inauguration of a campaign for its enactment by various legislatures and city governments. The law will have for its purpose the elimination of low saloons; the removal of the saloon from politics by placing the proprietors out of the reach of "bosses" and the restriction of the number of saloons to conform to a certain standard of population. The delegation included legislators, brewers, distillers, state and city officials and publicists.

The morning session was devoted mainly to welcoming addresses and an explanation of the proposed model law

Track Laying Being Pushed.

Montgomery, Ala., Jan 23—President L. Lanier reports that 1,000 feet a day is being laid of the track of the Chattahoochee Valley railway, extending to the northwest. In a short time the road will tap the Atlanta, Birmingham and Atlantic at Standing Rock, thus giving West Point and the Alabama towns nearby the advantage of competitive rates to the mineral district.

Special Announcement Regarding the National Pure Food and Drug Law.

FE IN THE DESERT.

nimals and Vegetation Fight Against Extinction.

t all life on the desert goes In the vegetation world of the the cactus comes first with its rless species. They are all arm- long or short, tough spines that netrate the thickest boot. The and often grotesque Joshua or the mesquite, the cat's claw and rless shrubs whose names have en written, all are armed in one r another. Some exude poison- p, others nauseating odors. The rush is about the only one that ot seem to have any protection. the animal kingdom most are armed with sharp teeth, spines, or poison to serve to keep their es at a distance, while the others d upon their fleetness or artful ing and hiding.

spines and repulsive Gila mon- the horned toad, the sidewinder, his two horns and deadly fangs, cousin, the desert rattlesnake; rantula, scorpion and desert bee, of whose sting is exceedingly ul and sometimes fatal, are g the desert's denizens. Then are many varieties of lizards, and small and of many colors, h protect themselves by their speed e. The prowling coyote, bobcat, ntain lion, jack rabbit, cottontail, ntain sheep, ibex, antelope and an sional deer are there.

mong the smaller animals are the her, kangaroo rat, trade rat, hydro- bia skunk, ground squirrel and in- nerable mice. But the traveler sel- sees any of these. The prospector, vever, soon becomes acquainted h them. The first or, at the latest, ond night of his stay in any one np he will be visited by a trade rat, ich will carry away all that portion his outfit that is not too heavy for ratship to handle and religiously ve some stick or stone in its place. hydrophobia skunk will be apt to and lunch from any bacon rinds t may be lying about, not disdain- a nip at Mr. Prospector's nose if opportunity offers. It is said and nly believed by the sons of the des- that the bite of this little skunk oduces hydrophobia. The Gila mon- r is seldom seen, and the writer er having spent nearly a year on borders of Death valley has yet see one at large. Rattlesnakes are o scarce except in some favorable ality.

ll life on the desert lives by its pow- to resist thirst. All desert plants e so constructed that they are able conserve and store up moisture ainst the time of drought. This ne- ssity has wrought peculiar forms of th animals and plants, and in time also leaves its indelible mark upon n who dwell amid its wastes. The ves of all desert trees are small and ick, so that they expose as little sur- ce as possible for evaporation in the y air. The great and ever present idence of the struggle for water is oticeable everywhere where men me together on the desert. In this ruggle all who come to the desert ust engage instantly. Every wagon ust have its water barrels, every urro his water bags, each man his nteen.—Los Angeles Times.

A Flippant Critic.

After the performance of Wagner's "Rheingold" at Berne, Switzerland, the erner Fremdenblatt contained an ac- ount of the performance which caused uch comment. One German paper in eproducing excerpts from the remark- ble criticism says, "In reading it we ould not quite determine whether the riter was a rogue or one of the Mark Twain school who would enter the most sacred realms of culture with savage freedom." "The opera," says the critic, "furnished much amuse- ment, especially the evolutions of the merry Rhein daughters. Their tricks were charming, and if the orchestra had played more appropriate music the effect would have been perfect. From what we had heard we expected better music. Certain parts—the most tuneful ones—were reminiscent of Men- delssohn, and this originality seemed natural to us, because we knew that when Wagner was the child prodigy in Leipsic Felix Mendelssohn directed the Gewandhaus concerts in that city. All in all the opera is rather stale, but with the fine scenery and real steam clouds it was bearable. It is probably necessary that one should see this 'Rheingold' as well as 'The Merry Wid- ow,' so go and see it."

Had Tried Electricity.

A benevolent gentleman attempted to converse with the motherly old lady who sat next to him in the railway carriage. He discovered that she was very deaf, and the conversation was established by shouting.

"You are very deaf, aren't you, mad- am?" ultimately bellowed he of the benevolence.

"I am so," was the reply, "and haven't been able to do a thing for it."

"Have you ever tried electricity?" shouted the kind hearted man.

"Yes," she said, nodding vigorously, "I was struck by lightning last sum- mer."—London Graphic.

NATURE'S MYSTERIES.

And the Little That Man Really Knows About Them.

I seized the opportunity some little while ago on finding myself sitting next to a great physicist of asking him a series of fumbling questions on the subject of modern theories of matter. For an hour I stumbled like a child, supported by a strong hand, in a dim and unfamiliar world, among the mys- terious essences of things. I should like to try to reproduce it here, but I have no doubt I should reproduce it all wrong. Still, it was deeply inspiring to look out into chaos, to hear the rush and motion of atoms moving in vast vortices, to learn that inside the hard- est and most impenetrable of sub- stances there was probably a feverish intensity of inner motion. I do not know that I acquired any precise knowledge, but I drank deep drafts of wonder and awe.

The great man, with his amused and weary smile, was infinitely gentle and left me, I will say, far more conscious of the beauty and the holiness of knowledge. I said something to him about the sense of power that such knowledge must give. "Ah," he said, "much of what I have told you is not proved; it is only suspected. We are very much in the dark about these things yet. Probably if a physicist of a hundred years hence could overhear me he would be amazed to think that a sensible man could make such puer- ile statements. Power—no, it is not that! It rather makes one realize one's feebleness in being so uncertain about things that are absolutely cer- tain and precise in themselves, if we could but see the truth. It is much more like the apostle who said: 'Lord, I believe. Help thou my unbelief.' The thing one wonders at is the courage of the men who dare to think they know."—Putnam's.

U. S. Cruiser to Watch Hayti.

Washington, D. C., Jan. 23—Be- cause of the disturbed conditions in Hayti, and as a guarantee for the pro- tection of American interests, it has been decided to dispatch the cruiser Des Moines to that island with her headquarters in the vicinity of the troubled section.

Carrie Nation

Certainly smashed a hole in the bar-rooms of Kansas, but Ballard's Horehound Syrup has smashed all rec- ords as a cure for coughs, bronchitis, influenza and all pulmonary diseases. T. C. H.——, Horton, Kansas, writes: "I have never found a medicine that would cure a cough so quickly as Bal- lard's Horehound Syrup. I have used it for years." Sold by W. M. Johnson.

Keeping constantly at it is the key to successful advertising.

You cannot sport much and win. A business career that goes by fits and starts will not pay so well in the long run as a busi- ness that follows a course mapped out for it and keeps increas- ing its advertising as the busi- ness demands it until the maxi- mum is reached. There is a maximum for a small business beyond which it is not economy or policy to go.—Brookline Chronicle.

Robert Taylor of Ocala, the clever traveling passenger agent of the Seaboard Air Line, was in the city yesterday in the interest of his line. Mr. Taylor has many friends in this section who are always glad to see him.

PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.

Have You a

"Universal"

Coffee Percolator?

If not, you should have one—if you like good coffee. Coffee made in it is easily known by its delicious aroma, its fine flavor—you don't get the bitter taste caused from boiling. IT MAKES THE BEST COFFEE because the percolating process is completed before it boils. Operates successfully on any Range, Stove or Gas Stove. Two styles; one price, $4.00. Call and see them.

BAIRD HARDWARE CO.

J. B. Abbett, a progressive farmer of Gracy, was in the city trading yesterday.

H. L. Beville of Arredondo was among those who spent yesterday in this city.

J. S. Neel of Evinston was among those who came to Gainesville trading yesterday.

Mrs. C. W. Bauknight and Miss Smith of Archer were shopping in the city yeterday.

O. L. Feaster and Rev. T. H. Sistrunk of Micanopy favored this city with a visit yesterday.

R. E. Bonar hats—the regular $3 hat, for Saturday only, $1.65. Get the habit. L. J. Burkhim.

Captain J. A. Tucker of Rochelle was in the city yesterday. He paid The Sun a friendly call.

Green C. Chaires, an extensive naval stores operator of Bell, was a business visitor to this city yesterday.

Clean Rags Wanted—Whole pieces clean cotton rags, free from buttons, pins, etc. Pepper Publishing & Printing Co.

Friends of Col. E. C. F. Sanchez are glad to see him out again, after an illness covering a period of the past ten days.

W. A. Porter, a progressive planter of Rochelle, was in the city yesterday. He called at The Sun office and renewed his subscription.

Mr. and Mrs. N. E. Brown of St. Joseph, Mich., who arrived in the city a few days ago, are well pleased, and have decided to spend several weeks here. Mr. Brown is a traveling salesman.

Remember the charity ball, which will be given by the ladies of the Library Association this evening. Good music assured. Those not already holding tickets may secure same at Miller's or Avera's.

For Sale—I will sell my store on West Union street, on account of engaging in other business. This is a good opportunity for a lively party, and will court closest investigation. Would sell half interest to right party. A. L. Reeder.

To the Public—The Public Library is now ready for the liberal patronage of the public in its new quarters. We will ask patrons to please return all books that are due. The ladies there hope to serve tea in the rooms next week. Look for the date.

F. P. Archellous, a prominent contractor of Perry, was in the city yesterday. Mr. Archellous secured the contract for the Taylor county court house, which is nearly completed, and which will be one of the most magnificent structures of the kind in the State.

Mrs. Presley and daughter, Miss Mary, of North Carolina, who have been here for the past few days at The Commercial, left Wednesday for Crystal River and other points. They were highly pleased with Gainesville, and will visit this city again before returning to their home.

Captain J. W. Carter and A. U. Hilleary of Micanopy were business visitors to this city yesterday.

Among the business visitors to this city Wednesday was A. W. Smith of Trenton. Mr. Smith is a manufacturer of artificial stone.

Mrs. J. M. Boring has returned to her home in Waldo, after a brief but pleasant visit to the family of her brother, Geo. P. Morris.

B. F. Flowers of Willeford, member of the board of school trustees of that district, and an all-round good citizen, was among those who spent yesterday in this city.

John Ambrose has returned from Waldo, where he has been on a visit to his mother for the past few days. Mr. Ambrose, with a friend, enjoyed a duck hunt on Santa Fe lake during his absence, and reports big luck.

The elegant home of Mr. and Mrs. W. B. Taylor, located on West Liberty street, is about completed, and they expect to occupy same within the next few days. This is one of the handsomest and most modern homes in the city.

C. C. Carroll, the clever and versatile associate editor of The Ocala Evening Star, passed through the city yesterday en route to Jacksonville. Mr. Carroll is one of the best newspaper men in the State, as well as one of the most popular.

Remember Prof. Hemstreet, the famous hypnotist, who will appear at the opera house in this city on Monday and Tuesday evenings. Prof. Hemstreet is regarded as one of the most remarkable hypnotists of the present day, and his work is appreciated everywhere.

T. Al. Chastain of Live Oak, who has been here for the past few days, has returned to his home. Mr. Chastain is an expert automobilist, and repaired and overhauled several machines while here. He is figuring on coming to this city to reside, as he is well pleased with Gainesville.

The Sun acknowledges an agreeable call yesterday from H. E. Partridge, Jr., the clever Florida agent of the Atlanta, Birmingham & Atlantic railroad, who was here in the interest of his line. Mr. Partridge is one of the most widely known and most popular young transportation men of Florida, and is making a fine business for his line.

J. H. Patterson has returned from Greenfield, Ohio, where he went on the sad mission of accompanying the remains of his son, Robert Patterson, who died in this city a few days ago. Mr. Patterson states that the weather in that section of the country was very cold and disagreeable, and he was glad to get back to "Sunny Florida."

James Holder, for a long time a naval stores operator and merchant of Rochelle, but now of Citronelle, where he is engaged in the same lines, was in the city for a few hours yesterday. Mr. Holder was en route home from Santa Fe, where he had been on a visit to his father, Ivin Holder. Notwithstanding that the price of spirits has been reduced, Mr. Holder is retaining his usual force, and has made no reduction in wages.

The Gainesville Tailoring Company, J. Bloxham Dell, proprietor, has opened for business on Wall street, next door to Robt. Ayers' drug store, and are prepared to do all classes of altering, dyeing, cleaning and pressing, and will at all times have a full and complete line of samples from which to take orders for clothing for both men and ladies—ladies' dress goods a specialty; ladies' parlor in connection. A tailor has been employed and will be prepared to turn out your work promptly and guarantee a perfect fit.
